CELL PHONE PROGRAM

Did you know the Victim Service Center collects used cell phones for reuse?

The Victim Service Center collects used cell phones and gives the re-purposed phones to victims of crime. This safety measure is a lifeline for victims. We send the old/used cell phones to be erased, cleaned and recycled. The phones are returned to VSC and given to clients as an emergency cell phone that can be used to dial 911.

Email Marketing@VictimServiceCenter.org to make drop off arrangements
